

I am excited to be part of the bird-watching 2021 Birdathon fundraiser, sponsored by the Buffalo Audubon Society (BAS). I will spend a day running all over WNY to see how many different species of birds I can identify. I may even be eligible to win a fun prize! Please help to support me (and my team) with a donation? I would appreciate any gift, no matter how great or small.

There are two options that you can help to support me/ (my team):

1. Simply support me/us with your donation of \$100 or more, and you'll receive a gift too. If you are not a current member, you will receive a 1-year individual or family membership courtesy of Buffalo Audubon. Of course, any amount you pledge is always very much appreciated.

Please donate online right now at :

<https://buffaloaudubon.salsalabs.org/2021Birdathon/index.html>

2. You can pledge a "per bird" amount. For example, donate \$5.00 per species of bird, and if I find 20 species, you'll owe \$100, and you'll get a free 1-year membership to Buffalo Audubon. After completing the 24-hour Birdathon, I will let you know precisely how many birds I could identify and what you may owe.

Buffalo Audubon has over 100 years of conservation and education history and has found that inspiring people to celebrate birds and wildlife naturally leads them to participate in environmental stewardship. Buffalo Audubon protects over 1,000 acres of habitat for birds and other wildlife, offers programs nearly every weekend of the year, teaches homeowners and others how to garden for birds, provides programs to various schools and community groups, and conducts in-depth summer nature camps.

Every donation is appreciated, and thank you for sponsoring me/my team.

Your gift to the 2021 Buffalo Audubon Birdathon is tax-deductible, no matter the amount.
